What's Happening In School Counseling?

A Look back at Quarter 1 between buildings:

- 67 individual student sessions
- Attendance at 20 meetings
- 10 504 plans written
- 4 observations/reports
- 35 classroom lessons
- 15 referrals to Red Oak therapy
- Contact with Humane Society and Children Services
- Red Ribbon Week

CAST REFERRAL ****

Please use our **CAST** referral system to refer a student for individual counseling assistance. If there is an urgent need, please email me directly as well.

Upcoming Work in School Counseling

Lessons: Classroom lessons have been a mix of Character Strong components and classroom needs. Focus has been on respect, kindness and bully prevention. I will continue with empathy and I hope to begin some coping skills lessons as well. The district has access to Character Strong through December. This is a great program for teachers to use because it lays everything out for you and you can do short SEL lessons. Feel free to check it out!

To Utilize Character Strong, go to: characterstrong.com

Small Group Counseling: Between buildings I have 9 small groups starting. You may still fill out the group referral form and I will let you know when the next groups will be organized.

- We have multiple families who will have support this holiday season thanks to the Elks' Lodge and Shop with a Cop! Thank you for your referrals. I could use a few additional names for Shop With the Cop!
