## 2025-2026 Proposed School Budget

### Letter from the Superintendent

Dear Andes Community,

On behalf of the Board of Education and our faculty and staff, thank you for your ongoing support of our students and the central mission of the Andes Central School District. The partnerships we enjoy with our students, families and the

larger community is integral to the success of our very special community school.

The Board of Education and administration worked thoughtfully and responsibly to create a budget spending plan for Andes Central School District that is guided by the goal of ensuring all ACS students reach their full academic potential while remaining in line with civic responsibility and school sustainability.

This budget newsletter aims to offer a clear and transparent view of the 2025-2026 school budget and its role in maintaining the education opportunities we have planned for our students. We believe you will find this information to be very valuable.

Our school budget represents the operational costs and revenue sources imperative to run the district, including, personnel, transportation, facilities, school cafeteria, extracurricular activities, technology and most importantly, instruction. Great care and forethought went into this year's request for funding for our school.

#### KEY OBJECTIVES FOR THE PROPOSED BUDGET:

- Sustain conservative financial planning to preserve the quality of education, staffing and facility maintenance, and protect our fund balance
- Advance the goals the district into the future with a focus on long-term fiscal management
- Engage community stakeholders to develop the budget and communicate financial needs transparently

This year, the Andes Central School District Board of Education proposes a 5% increase to the tax levy, which is a one-time corrective action crafted to sustain educational longevity for the district as well as to set up continuity for our school over time with a plan for prudent financial management well into the future. The community has enjoyed more than 10 years of a zero percent or very low levy increase which has cost our school over \$2 million dollars in critical revenues. In order to bring the district to a more solvent and sustainable position, a 5% increase, which is our state specified limit, is needed this year. This kind of responsible forethought will protect our school well into the future. The Board of Education has proposed a budget for 2025-2026 of \$5,088,563.17, which represents an increase of \$191,025.17 or a 3.90% increase over the 2024-2025 Budget.

The Budget Hearing is May 7, 2025. The Annual Budget Vote is Tuesday, May 20, 2025 from 2:00 to 8:00 p.m. at the Early Childhood Learning Center Multi-Purpose Room across the street from the main school building.
