July 3, 2025

Good morning Andes Central School Families,

We were informed yesterday that the federal government is withholding over \$6 billion in grant funding that was already approved for the fiscal year 2025-2026 and will not be releasing it "until further notice." Unfortunately the summer CROP program falls under that umbrella. No specific timeline has been given for the review process that is to be undertaken.

While this is disheartening news, we are committed to our families who rely so heavily on our summer program, so Andes will still be hosting our summer CROP program as planned.

We are advocating with our local legislators and will let you know as soon as possible about the status of CROP for the fall once school starts again.

Thank you and we hope to be contacting you with good news about the fall program soon.

Samantha Candreva
Superintendent
Andes Central School
