Johnstown-Monroe PTO Expanding To Encompass All Four District Schools

The Johnstown Parent Teacher Organization (PTO) and Johnstown-Monroe School District are excited and proud to announce an expansion of the PTO's efforts on behalf of *all* District students.

The PTO has previously focused on fundraising and support of Johnstown Elementary and Intermediate School.

However, effective with the 2024-25 school year, the PTO will expand its efforts to include Johnstown Middle School and Johnstown High School, encompassing the J-M District's entire K-12 educational experience.

Superintendent Dr. Philip H. Wagner said of the expansion, "We truly appreciate our Johnstown-Monroe Grades K-5 PTO, which has a strong history of providing support for our families, students and staff to thrive. We look forward to expanding the PTO to a K-12 Community PTO and a stronger future partnership."

Ashlea Wentzel, PTO President, said, "I am looking forward to a partnership with all of the families in our community. Being able to bring experiences to every child in the district will continue to be our focus, and we cannot wait to help make memories and enhance the lives of everyone in the Johnstown-Monroe Local School District." Jasmine Gentry, PTO Communications Lead, also recently remarked, "We cannot wait to see how we grow together in the future, not only as a school district, but within the community, as well!"
