The children are the focus...working together is the method.

The Fort Cherry School District physician conducts physical examinations each year free of charge. These exams are not comprehensive, and your student may still be referred for a more comprehensive or specific exam based on the findings.

This service is offered to all students in the district regardless of the physical exam requirements for their grade.

If you would like your child to be examined by the school physician, please fill out the bottom portion of this form along with the first page of the included physical examination form. Please do not forget to sign these forms, as the physician is not able to perform the exam without your signature.

If you choose to have your child examined by the school physician, an email will be sent once a date is confirmed. I will not send further communication regarding school physician exams unless you indicate that you want one.

Also, if you choose to have your student examined by the school physician, please make sure they are at school on the date of the exam, as it is unable to be rescheduled.

Thank you,
