The children are the focus...working together is the method.

Each year, the Fort Cherry School District dentist conducts brief dental screenings free of charge. These screenings are not comprehensive dental exams, and your child may be referred for a more complete or specialized evaluation by your family dentist.

This service is offered to all students in the district regardless of the dental exam requirements for their grade.

If you would like your child to be screened by the school dentist, please complete the bottom portion of this form.

If you choose to have your child examined by the school dentist, an email will be sent once a date is confirmed. I will not send further communication regarding school dental exams unless you indicate that you want one.

Thank you,

Katie Dunleavy, BSN, RN, CSN
