Dear EPCS Families,

Welcome to Fourth Grade! I hope you are enjoying a wonderful summer! My name is Mrs. Cibischino, and I am excited to welcome you to the 2026–2027 school year. Fourth grade is an exciting year filled with new challenges, opportunities, and experiences, and I am looking forward to sharing this journey with your child.

This year, I will be teaching Math, Science, Social Studies, and Writing. Students will also work with Mrs. Stephens, who will be teaching Reading. By departmentalizing, we are able to focus on the subjects we are most passionate about and provide students with a strong and engaging learning experience.

At the beginning of the school year, I will be going on maternity leave. During my time away, a qualified long-term substitute will be supporting our classroom and ensuring that instruction continues smoothly. I will work closely with the substitute and school team to make sure your child's learning experience remains consistent and positive.

In Math, students will explore multiplication, division, fractions, geometry, and problem-solving strategies. Through Science, Social Studies, and Writing, students will engage in hands-on learning, critical thinking, and activities that build strong academic skills. My goal is to create a positive and supportive classroom environment where every student feels encouraged to learn, grow, and succeed.

I cannot wait to meet all of you on our first day of school, **Wednesday, September 2, 2026**. Together, we will make this a wonderful and memorable year!

Enjoy the rest of your summer, and I look forward to seeing you soon!

Warm regards,

Mrs. Erica Cibischino
Fourth Grade Teacher
EPCS

Classroom Supplies

Please send the following items with your child on the first day of school. Be sure to label all supplies with your child's name or initials.

Required Items
